

 AULTMAN

*You shared hope  
We give thanks*

*With your unwavering support, together we are  
“leading our community to improved health.”*

*Thanks to your  
incredible generosity,  
in 2022 we ...*

- ♥ Opened the Aultman Timken Family Cancer Center to provide advanced cancer care close to home.
- ♥ Awarded scholarships to nearly 30% of all Aultman College students, totaling over \$260,000. These dedicated students will enter the workforce as well-prepared healthcare professionals at a time of great need.
- ♥ Supported cancer patients with more than \$40,000 in gift cards for transportation, nutrition and unanticipated expenses during their treatment.
- ♥ Served 537 students and staff across five districts through school-based telehealth, thanks to a Ohio Department of Health grant. 45% of student patients were able to return to class after their appointment.
- ♥ Provided the comfort of music therapy to nearly 100 hospice patients and their family members.
- ♥ Supplied specialized mobility equipment to help patients “get moving” after injury or illness, thanks to the Women’s Board of Aultman Hospital. The most impactful equipment is the ceiling lifts, which have helped staff safely care for some of the sickest, most challenged patients while preventing injuries.

***THANK YOU** to our family of donor-partners  
for your investment in care and philanthropy.*
